RE: SAND WASH PROJECT - PRO/047/005

Dear Mr. Smith:

We acknowledge receipt of your letter of October 3, 1984.

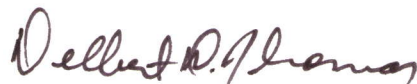

At the present time we are upsizing the referenced project from a pilot operation to a small commercial demonstration facility. It will therefore be necessary for us to revise our application to your office.

We believe that much of the information we have furnished will be pertinent to the revised application and therefore the work performed by your office in reviewing will not be wasted. As soon as the finalized parameters of project scope are developed, we will be resubmitting Form MR-1 along with additional information.

In the meantime we would appreciate your holding our file active until we resubmit.

Very truly yours,

SHALE DEVELOPMENT CORPORATION
